Yawa TD800S - 580mm x 800mm Automatic Die Cutting Machine with Stripping

The TD800S is YAWA's excellent cost effective innovative 580mm x 800mm Automatic Die Cutting & Creasing press with Stripping. YAWA are among the most prominent leading manufacturers of Automatic Die Cutting Presses in China, they have been producing presses for the packaging industry for over 35 Years.

Our Ref: **TD800S**

Key Features: **Year: New**
Max. Sheet Size: 580mm x 800mm
Machine Speed: 7,000 impressions per hour
Warranty 1 Year parts
Full UK / European engineering support team
Automatic die cutting with stripping

Price On request

YAWA TD800S – 580mm x 800mm Automatic Die Cutting & Creasing + Stripping

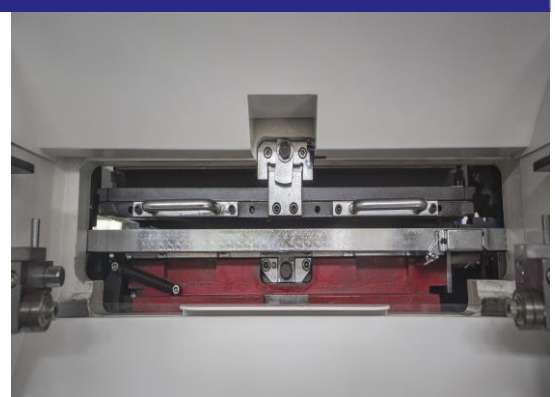

Feeder

- Non-stop feeder with automatic pile lift
- Side adjustment of pallet table by hand wheel
- Electrical double sheet control
- Feeding speed adjusting device
- Three-line system on feeding table for purpose of synchronizing between feeder and main unit for different sheet size.
- Side lays on both sides push and pull changeable
- Four individually mechanical & electronic front lays.

Die cutting unit

- Precision worm gear crank toggle driving system to ensure smooth and dynamic lower platen movement
- Precision stationery upper platen
- Chase locking by handle
- Pneumatic clutch/brake for main drive system
- Six high precision alloy gripper bar
- High quality gripper bar driving chain
- Torque limit safety clutch to protect the index driving system in case of gripper bar crash

Delivery unit

- Non-stop delivery by means of steel barrier. This barrier moves into the delivery catching arriving sheets during pile exchange
- Air blower bar to press down the sheets
- Rear and side joggers with easy position adjustment
- Main chain tensioning device
- Missed sheet feed control throughout the entire machine
- CE standard safety systems for safe operation
- Emergency stop situated strategically around the press

Stripping unit

- 3 chases stripping makes stripping action more controlled
- Stripping chase positioning system simplifies stripping pin fitting and improves working efficiency
- Upper and lower stripping frames can be pulled out for job set up and easy make ready
- Either stripping pins or stripping tools are applicable

YAWA TD800S – 580mm x 800mm Automatic Die Cutting & Creasing + Stripping

Maintenance and documentation

The machine includes:

- Machine documentation
 - Operators manual
 - Parts Manual
 - Electrical wiring diagram

Installation, commissioning and requirements

The machine dimensions are:

Weight 14.5 Tons

Length 4,893mm x width 3,720mm x height 2,000mm with platform

The electrical supply requirement is: 15kw

Air supply: 0.8~1.0Mpa, ≥0.6m³/min

SF Services can install and commission the machine anywhere in the world using our own skilled engineers. Please ask for a price.

Warranty

This machine is offered with 1-Year parts warranty, subject to our terms and conditions, which are available on request.

Disclaimer

These details have been prepared in good faith but do not form part of any contract. It is for the purchaser to inspect the machine and satisfy themselves as to the suitability and condition of the machine prior to entering into any contract.

YAWA TD800S – 580mm x 800mm Automatic Die Cutting & Creasing Press

Technical Data

Maximum Sheet Size	580mm x 800mm
Minimum Sheet Size	310mm x 310mm
Maximum Die Cutting Size	570mm x 790mm
Inside Chase Size	610mm x 940mm
Height of Cutting Rules	23.8mm
Maximum Pressure	200 Tons
Stock Range	Cardboard 0.2~2mm – E fluted corrugated paper
Minimum Gripper Margin	8mm
Maximum Machine Speed	7,000 sheets per hour
Cutting Plate Thickness	5mm (4+1)
Feeding Pile Height	1300mm
Delivery Pile Height	1000mm

General

Rated Power	15kw
Air Supply	0.8~1.0MPa, > 0.6m³/min
Machine Dimensions Approximate	4893mm (L) x 2000mm (W) x 2000mm (H) 4893mm (L) x 3720mm (W) x 2000mm (H) with platform
Weight	14.5 Tons
